

Code No: R1941022

R19

Set No. 1

IV B. Tech I Semester Regular Examinations, November – 2022

OOPS THROUGH JAVA

(Electrical and Electronics Engineering)

Time: 3 hours

Max. Marks: 75

*Answer any FIVE Questions
ONE Question from Each unit
All Questions Carry Equal Marks*

UNIT-I

- 1 a) What is OOP? Give the advantages of OOP. [7]
b) Discuss in detail about type conversion and casting. [8]
(OR)
- 2 a) Explain about history of Java. [7]
b) Write about operator precedence and associativity. [8]

UNIT-II

- 3 a) Discuss in detail about abstract classes with example. [7]
b) Discuss in detail about nested and inner classes with examples. [8]
(OR)
- 4 a) Demonstrate the usage of Static keyword with an example. [7]
b) What are command line arguments? Explain. [8]

UNIT-III

- 5 a) Explain in detail about accessing a package. [7]
b) Write a Java Program for Hybrid Inheritance. [8]
(OR)
- 6 a) What is exception? Discuss how exception handling will be done in Java. [7]
b) Discuss various types of inheritances. [8]

UNIT-IV

- 7 a) Write a Java program to implement multi threading. [7]
b) Write short note on java.io package. [8]
(OR)
- 8 a) Write about Multi Threading in Java. [7]
b) What are the types of IO streams in Java? Explain. [8]

UNIT-V

- 9 a) What are the differences between applets and applications? Explain. [7]
b) Explain the different Layout Managers that AWT supports. [8]
(OR)
- 10 a) State and explain the simple Applet display methods. [7]
b) Discuss about the few methods of Menu and Scrollbar. [8]

Code No: R1941022

Set No. 2

IV B. Tech I Semester Regular Examinations, November – 2022

OOPS THROUGH JAVA

(Electrical and Electronics Engineering)

Time: 3 hours

Max. Marks: 75

*Answer any FIVE Questions
ONE Question from Each unit
All Questions Carry Equal Marks*

UNIT-I

- 1 a) Explain the difference between procedural programming language and object oriented language. [7]
b) Explain in detail about Java buzzwords. [8]
(OR)
- 2 a) Describe about Control Statements in detail. [7]
b) Explain about relational and logical operators with examples. [8]

UNIT-II

- 3 a) What is an Array? Write a program for one dimensional array. [7]
b) Discuss in detail about garbage collection in java. [8]
(OR)
- 4 a) Define Constructor. Explain default constructor with a program. [7]
b) Demonstrate the usage of this keyword with an example. [8]

UNIT-III

- 5 a) Discuss in detail about nested Interfaces. [7]
b) What is super keyword? Explain with an example. [8]
(OR)
- 6 a) Discuss about try with multiple catch statements. [7]
b) Write java program to implement the single Inheritance. [8]

UNIT-IV

- 7 a) Describe in detail about thread life cycle methods. [7]
b) Write about random access files in detail. [8]
(OR)
- 8 a) Explain about daemon threads. [7]
b) What classes are available in the Java IO File Classes API? Explain. [8]

UNIT-V

- 9 a) Explain about Grid Layout Manager with an example. [7]
b) Write Java code for a simple Banner Applet and explain it. [8]
(OR)
- 10 a) Explain about Life Cycle Methods of Applets. [7]
b) Write a Java Program to display Registration page using AWT package. [8]

IV B. Tech I Semester Regular Examinations, November – 2022**OOPS THROUGH JAVA****(Electrical and Electronics Engineering)****Time: 3 hours****Max. Marks: 75**

*Answer any FIVE Questions
ONE Question from Each unit
All Questions Carry Equal Marks*

***********UNIT-I**

- 1 a) Explain about Abstraction & Dynamic Binding concepts with a suitable example. [7]
b) Write about the need for OOP. [8]
(OR)
- 2 a) Explain about various expressions in java. [7]
b) Illustrate on different data types supported by java. [8]

UNIT-II

- 3 a) Describe the types of Constructors supported in JAVA. [7]
b) Discuss the need for over ridding methods. [8]
(OR)
- 4 a) Define class and object. Explain them with suitable examples. [7]
b) What is a member function and data members? Explain briefly. [8]

UNIT-III

- 5 a) What do you mean by multiple inheritance? Is java support multiple inheritance? Justify your answer. [7]
b) Write java program to implement the multilevel Inheritance. [8]
(OR)
- 6 a) Discuss in detail about nested Interfaces. [7]
b) Explain any 4 Functions in java.util Package. [8]

UNIT-IV

- 7 a) Describe in detail about thread life cycle methods. [7]
b) Explain any 4 classes of java.io Package. [8]
(OR)
- 8 a) Explain the concept of Inter thread Communication in detail? [7]
b) Compare and contrast multithreading and multitasking? [8]

UNIT-V

- 9 a) Discuss about Delegation Event Model. [7]
b) Explain about Flow Layout Manager. [8]
(OR)
- 10 a) Explain life cycle methods of an Applet. [7]
b) Write a sample Java program to create Combo boxes and labels. [8]

Code No: R1941022

Set No. 4

IV B. Tech I Semester Regular Examinations, November – 2022

OOPS THROUGH JAVA

(Electrical and Electronics Engineering)

Time: 3 hours

Max. Marks: 75

*Answer any FIVE Questions
ONE Question from Each unit
All Questions Carry Equal Marks*

UNIT-I

- 1 a) Write about Principles of Object Oriented Programming. [7]
b) Describe about Branching Statements in detail. [8]
(OR)
- 2 a) What is Operator? Explain different types of operators. [7]
b) Explain about Loop Statements in detail. [8]

UNIT-II

- 3 a) What is Parameterised Constructor? Explain it with a suitable program. [7]
b) Explain in detail about Inner Classes. [8]
(OR)
- 4 a) What is a class and object? Is there any relationship between them? [7]
Explain.
b) Discuss the need for over loading methods. [8]

UNIT-III

- 5 a) What do you mean by exception handling? Explain user defined and [7]
system defined exceptions in detail.
b) Differentiate between class and interface. [8]
(OR)
- 6 a) What are nested try statements? Explain it with a sample Java program. [7]
b) Describe in detail about benefits of packages with an example. [8]

UNIT-IV

- 7 a) Write a program to read a single character from file using Java File [7]
Input Stream.
b) What is inter thread Communication? Explain with a sample Java [8]
program.
(OR)
- 8 a) Explain various methods defined in the Thread class. [7]
b) Discuss about the file access modes with an example. [8]

UNIT-V

- 9 a) Explain different types of Event classes. [7]
b) Discuss about AWT Class Hierarchy in brief. [8]
(OR)
- 10 a) Explain the concept of border layout with an example program. [7]
b) Discuss about passing parameters to applets. [8]
